Peonies

We have plants growing
in new modern

Cloverset Pots

The safest, most efficient way. They make it quick and easy to take from our beds, and provide protection for carrying. Eases planting procedure. Each filled with fertilized soil.

**We Do Not Ship Potted Plants
and Roses**

ORNAMENTAL TREES

The trees we are listing here have proved to be the most dependable for Northwestern Colorado conditions. The sizes we offer are the best for safe transplanting and quick growth. Plant trees as early in the spring as soil conditions will permit.

GREEN ASH—A very dependable clean growing medium sized tree. Exceptionally good for street planting. 6-8 foot trees \$1.75 each; 3 for \$5.00.

THORNLESS HONEYLOCUST—A fine upright growing tree. We recommend it for general planting. 6-8 foot trees \$2.25 each; 3 for \$6.50.

SILVER MAPLE—Do not confuse this with Silver Poplar. This is a better tree but harder to start. 6-8 foot trees \$2.10 each; 3 for \$6.00.

RUSSIAN OLIVE—A fast growing, tough small tree with fine textured silver foliage. 5-6 foot trees \$1.75 each; 3 for \$4.95.

SILVER POPLAR—A large spreading tree with large silver leaves, often mistaken for Silver Maple. This is a tough fast growing tree and needs plenty of room. 6-8 foot trees \$1.60 each; 3 for \$4.50.

BOLLEANA POPLAR—A columnar form of Silver Poplar. 6-8 foot trees \$1.95 each; 3 for \$5.50.

COTTONLESS COTTONWOOD—A quick growing tree and good where moisture conditions are adequate. 10-12 foot trees \$2.25 each; 3 for \$6.50.

NIOBE WILLOW—This is the hardiest of the weeping willows. It has green to yellow bark and long pendulous branches. 6-8 foot trees \$1.95 each; 3 for \$5.65.

AMERSINO ELM—A hybrid elm that looks pretty good. It promises to be a better tree than Chinese Elm. 6-8 foot trees \$1.50 each; 3 for \$4.25.

CHINESE ELM—A very fast growing tree which is adapted to rather dry locations and will prove most satisfactory where water can be withheld the latter part of the season. 6-8 foot trees \$1.50 each; 3 for \$4.25.

HOPA CRAB—A very hardy well shaped tree for lawn or yard. It has crimson buds followed by rose colored flowers and the small red fruit makes wonderful jelly. 4-5 foot trees \$1.25 each; 3 for \$3.50.

RED SILVER CRAB—A beautiful ornamental crab with silver and red cut leaved foliage, crimson flowers, and rich maroon fruit. 4-5 foot trees \$1.75 each; 3 for \$4.95.

TREES with the exception of the Crabs are too large to mail and will be shipped at the purchaser's direction and expense.

SMALL SHRUBS

These shrubs are generally suitable for planting close to the house and where space is limited. They should be planted in front of larger growing kinds in borders.

JAPANESE BARBERRY — A very hardy shrub with small foliage that turns red in the fall. The red berries persist all winter. 18-24 inch shrubs 50 cents each; 3 for \$1.35.

RED LEAF BARBERRY—Similar to the above except that the foliage is bronzy red all summer and persists longer in the fall. 18-24 inch shrubs 75 cents each; 3 for \$2.10.

VAN HOUTTE SPIREA—Our most popular shrub due to its masses of white bloom in early spring. 18-24 inch shrubs 35 cents each; 3 for \$1.00.

GARLAND SPIREA—A smaller and more upright shrub than the above and blooms earlier. 18-24 inch shrubs 60 cents each; 3 for \$1.75.

SNOWBERRY—A graceful shrub with attractive large white fruits in fall. Will withstand partial shade. 18-24 inch shrubs 35 cents each; 3 for \$1.00.

CORALBERRY—Similar to Snowberry but the fruits are coral pink. Also resistant to shade. 18-24 inch shrubs 35 cents each; 3 for \$1.00.

CISTENA PLUM—A dwarf purple leaved Plum. 18-24 inch shrubs \$1.10 each; 3 for \$3.00.

LARGE SHRUBS

These shrubs will grow to 6-8 feet or more and are generally not suited for foundation planting. They are best used as individual or background plantings.

FLOWERING ALMOND—Covered very early in spring with deep pink double bloom before the leaves appear. Very desirable. 18-24 inch shrubs \$1.10 each; 3 for \$3.00.

PEKING COTONEASTER—A spreading shrub with fine glossy leaves. Many black berries in fall and winter. 18-24 inch shrubs 65 cents each; 3 for \$1.75.

CARAGANA—Siberian Pea Shrub—A large upright growing shrub with pale green branches and Locust like foliage and small yellow flowers. Good screen or windbreak material where the growing is tough. 3-4 foot shrubs 35 cents each; 3 for \$1.00. 18-24 inch shrubs 20 cents each; 3 for 50 cents.

HONEYSUCKLE—Tatarian Red—Scarlet bloom in June followed by bright red berries. 2-3 foot shrubs 50 cents each; 3 for \$1.35.

NANKING CHERRY—A clean upright growing shrub. Light pink bloom followed by bright red cherries that make excellent jam. 18-24 inch shrubs 75 cents; 3 for \$2.10.

TAMARIX—Hispid—Blooms bright pink over a long period in the summer. The best Tamarix, not to be compared with the wild form. 18-24 inch plants 50 cents each; 3 for \$1.40.

SNOWBALL—Large round clusters of white flowers in early spring. 18-24 inch shrubs 95 cents each; 3 for \$2.70.

KOLKWITZIA—Beautybush—Loaded with pink bloom in late spring. Requires a protected location in this climate. 18-24 inch shrubs 95 cents each; 3 for \$2.70.

Everything in this catalog is subject to sales tax

LILAC

No shrub gives as good account of itself in this climate as the various species and varieties of Lilac we list here. They are all truly hardy and are not bothered with pests.

COMMON PURPLE—The old familiar reliable. 18-24 inch shrubs 85 cents each; 3 for \$2.40.

COMMON WHITE—The same characteristics as above except for color. 18-24 inch shrubs 95 cents; 3 for \$2.70.

ROTHMOGENSIS—The very popular and graceful Chinese Lilac. The flowers are a nice lilac shade on long panicles. 2-3 foot shrubs \$1.00 each; 3 for \$2.75.

CHARLES X—A French Hybrid Lilac with violet to red blossoms. 18-24 inch shrubs \$1.10 each; 3 for \$3.00.

HEDGE

CARAGANA — Siberian Pea Shrub — A good tough hedge that will take a lot of punishment. 18-24 inch shrubs 20 cents each; 10 for \$1.50.

RUSSIANOLIVE—A very hardy hedge material used extensively in the north for clipped hedge or windbreak. 18-24 inch shrubs 20 cents each; 10 for \$1.50.

BUCKTHORN—A very hardy shrub that makes a nice dark green hedge resembling privet. 18-24 inch shrubs 20 cents each; 10 for \$1.50.

VINES

ENGELMANN CREEPER—Self-clinging woodbine. Very hardy with five-lobed leaves turning brilliant crimson in fall. No. 1 grade plants 50 cents each; 3 for \$1.35.

GOLDFLAME HONEYSUCKLE—It is literally just that. Blooms all summer, on a trellis or as a ground cover. No. 1 plants 85 cents each; 3 for \$2.40.

ROSES

EVERBLOOMING HYBRID TEAS

JOANNA HILL—Golden buff.

POINSETTIA—Bright scarlet.

E. G. HILL—Deep velvety maroon.

McCREEDY'S IVORY—Ivory-white.

BRIARCLIFF—Silvery rose-pink.

EDITOR McFARLAND—Brilliant pink.

PRESIDENT HERBERT HOOVER—Cerise toned yellow, orange, and scarlet.

DUQUESA de PENARANDA—Apricot-orange to dark pink.

EVERBLOOMING FLORIBUNDAS

FLORADORA—Many flowered scarlet.

CAMEO—Shell pink and salmon.

RAMBLERS

PAUL'S SCARLET—Scarlet flowers borne in clusters. One of the best climbers.

All of the above roses are No. 1 grade plants at 95 cents each; 3 for \$2.70.

SHRUB ROSES

AUSTRIAN COPPER—Shrub type single rose. Brilliant orange red flowers inside and yellow outside. 18-24 inch shrubs 95 cents each; 3 for \$2.70.

Add 30 cents for packing and mailing of any number of roses and small shrubs.

FREE with every order for trees, shrubs, or fruit-stock our 15 page booklet **HOW TO PLANT**. Complete information on planting, pruning and care of your nursery products.

APPLE

The apples listed are all very hardy and have quality also. It is generally a waste of time and money to plant the varieties popular in more temperate parts of the state. The seasons are so short that the late maturing kinds do not mature fruit properly.

ANOKA—This apple bears very young, about the same season as the Yellow Transparent; the appearance and quality are very good.

YELLOW TRANSPARENT — The most planted early variety in this country. Good.

HARALSON—A real quality winter apple. Hardy, excellent keeper, best quality, handsome red apple.

MINJON—An early bearing red fall apple.

WHITNEY—A large crab with a pleasing sprightly flavor. Very popular as a fall eating and cooking apple.

DOLGO—A nice shaped tree, beautiful in bloom. Bright red fruit, a fine jelly crab.

Any of the above well grown 4 to 4½ foot trees 75 cents; 3 for \$2.10.

PLUM

OPATA—Purplish-red fruit of good quality. Bears early.

COMPASS—Very hardy small plum. Valuable for preserving.

Plums are 4-4½ foot trees, 95 cents each; 3 for \$2.75.

Add 30 cents for packing and mailing on any number of fruit trees. All fruit trees are pruned for planting when mailed.

CHERRY

ROYAL DUKE—A sweet variety. Large, red sprightly fruit. If you can grow cherries this is one of the best. \$1.25 each; 3 for \$3.50.

SMALL FRUITS

RED LAKE CURRANT—Large red berries in long clusters. No. 1 shrubs 35 cents each; 3 for \$1.00.

ST. REGIS RASPBERRY—The best everbearing raspberry for this climate. Bears crops of fine flavored red fruit in spring and fall. Bears on new wood. No. 1 plants \$1.25 per dozen; 50 for \$4.50.

HANSEN BUSH CHERRY—A small shrub that bears lots of small black cherries. Good fruit and a good shrub. 18-24 inch shrubs 40 cents each; 3 for \$1.10.

CHAMPION GOOSEBERRIES—Fair size berries, easy to pick. No. 1 shrubs 45 cents each; 3 for \$1.25.

GEM EVERBEARING STRAWBERRY — Spring and fall bearing. For best results make a new planting every spring. Discard plantings over two years old. Plant early. 25 for \$1.00; 50 or more at \$3.50 per 100.

FREE with every order for trees, shrubs, or fruit-stock our 15 page booklet **HOW TO PLANT**. Complete information on planting, pruning and care of your nursery products.

PEONIES

Plant in rich soil, deeply and well prepared. Cover crowns only two inches. Plant in April and October.

FELIX CROUSSE—Very attractive red.

WALTER FAXON—Bright rose.

SOLANGE—Creamy white suffused with buff and pale salmon.

FESTIVA MAXIMUS—Very fine white with crimson markings.

All peonies 90 cents each, 3 for \$2.50. Add 25 cents postage and packing any number.

PERENNIALS

These perennials are all hardy and easy to grow. They were all grown and wintered out of doors. All dug and packed with a ball of soil. They can be mailed but we like to have you come and get them.

CARNATION—Hardy. Rose color, large flowers. Mixed colors.

PINKS—Double **Scoticus**—Various tints of pink, rose, salmon and white.

DIANTHUS — Dwarf **Sweet William**. Brilliant scarlet.

COLUMBINE—Rocky Mountain—Blue.

COLUMBINE—Beautiful chrome yellow flowers.

COLUMBINE—Crimson Star—Rich crimson, with white center.

COREOPSIS — **Sunburst** — Long graceful stems, semi-double golden yellow flowers. Fine to cut.

SHASTA DAISY — **Giant Double** — Very large flowered strain.

PYRETHRUM — **Painted Daisy** — Many pleasing shades of long stemmed semi-double and double flowers.

GAILLARDIA—**Portala**—Brilliant scarlet tipped with yellow. Blooms all summer.

HOLLYHOCK—**Chaters Double**—Mixed colors.

ENGLISH DAISY—Dwarf, early flowering. Double flowers. Shades of pink and red.

DELPHINIUM — **Wrexham Strain** — Very long tapering spikes. Rich and varied tints. **Belladonna** —Light Blue. **Bellamosa**—Dark Blue.

RUSSELLS LUPINS—Very large flowers of unusual colors and combinations.

PENTSTEMON—Native wild flower, erect growing. A fine addition to the Perennial list. We have plants from both blue and white plants.

GYPSOPHELIA—**Baby's Breath**—Fine for filling bouquets.

CANTERBURY BELL—Biennial—Mixed colors.

ANTHEMIS—Hardy Marguerite—Daisy-like yellow blooms.

All of the above Hardy Perennials, two for 45 cents; \$2.50 per dozen, your selection. 30 cents postage and packing, any number. Plant about May first.

ICELAND POPPY—Bright perennial poppies. separate, White, Orange or Yellow. \$1.50 per dozen.

BLEEDING HEART—The hardy old fashioned kind. 90 cents each.

PANSY PLANTS

We have a large planting of pansies and violas that were starting to bloom before the snow came. They should be in fine shape for early planting.

SWISS GIANTS—Large well rounded flowers of good substance on sturdy plants. The colors are very rich. Good outdoor grown plants that do not wilt when transplanted.

VIOLAS—Miniature pansies. Bright colors, bloom through the hot weather. Same price as pansies.

Pansy and Viola plants 75 cents per dozen; 30 cents packing and mailing on any number.

GLADIOLI

Plant about May first in this climate.

SNOW PRINCESS—Very fine pure white.

MARGARET BEATON—White with orange blotch in throat.

PICARDY—Delicate apricot pink.

EARLY ROSE—Rich rose.

CHAMOUNY—Tall dark rose bordered silver.

FLAMING SWORD—Early Scarlet.

VALERIA—Very fine new red.

KING LEAR—Deep reddish purple.

GOLD DUST—Golden yellow.

MINUET—Best lavender.

All No. 1 bulbs 3 each of one variety 20 cents. 75 cents per dozen, your selection.

FINE MIXED—All good varieties. No 1 bulbs 50 for \$1.00.

ADD 25c packing and mailing for any number.

ANNUAL FLOWERING PLANTS

All of these plants are grown from seed and transplanted into flats. They can be mailed but more soil can be given with the plant when called for. Ready to set out May 20 to June 15.

GODETIA — Kelvedon Glory — Glowing salmon-orange. Plant in rather poor soil. Moist, cool conditions best.

SNAPDRAGON—Super Giants—Large spikes on long stems. **White, Yellow, Soft Pink, Rose Pink.**

“TETRA SNAPS”—Large double snapdragon on sturdy stems. Many pleasing colors from white to maroon.

STOCKS — Giants of California — Mixed, many colors.

ASTER—Princess—Crested or cushioned centers. Bloom very early. Wonderful for cutting. **White, Lavender, Rose, Blue, Crimson.**

ASTER—American Branching — Fine midseason strain. **White, Rose and Red.**

SWEET ALYSSUM—Dwarf **White** or **Violet**. Nice for edging.

CALENDULA — Orange King — Large double, blooms very early.

MARIGOLD—Spry—Dwarf. Blooms very early and all summer. Orange and maroon flowers. Fine edging plant.

MARIGOLD—Orange King—New large flowering variety.

COSMOS—Radiance—New, deep rose with rich crimson tone.

Any of the above annuals, 40 cents per dozen; 50 for \$1.50. Add 25 cents postage any number.

PETUNIA

DOUBLE—We are using the best seed obtainable and the results are simply marvelous. Plants after May 20. 75 cents per dozen.

FLUFFY RUFFLES — Fringed and ruffled. Rich gaudy colors. Flowers four or five inches across. 60 cents per dozen.

FIRE CHIEF—Gold Medal Winner. Brilliant scarlet. The petunia of the year. 60 cents per dozen.

SNOWBALL—A new white variety of compact growth. Fine to plant with Fire Chief and Winsome. 60 cents per dozen.

WINSOME—Soft rose pink flowers on a neat plant. 50 cents per dozen.

BALCONY—Still one of the most popular types of petunia for beds and window boxes. Mixed colors. 50 cents per dozen.

FLOWER POTS

We have a full stock of nice smooth red clay pots for your house plants. By mail, not prepaid, at your risk.

2½ inch	3 for 10c
3 inch	5c
4 inch with saucer	15c
5 inch with saucer	25c
6 inch with saucer	35c
7 inch with saucer	40c
8 inch with saucer	55c

12 inch with saucer	\$3.35

A TABLE OF PLANTING DISTANCES

TO AID YOU IN ORDERING

You cannot go wrong if you use the greater distances.

SHADE TREES

Large (Silver Poplar)	30-50 feet
Small (Green Ash)	25-40 feet

SHRUBS

Small (Coralberry)	2-3 feet
Medium (Cotoneaster)	2½-4 feet
Large (Lilac)	5-8 feet
Hedge	1-2 feet

ROSES

Shrub (Austrian Copper)	4-5 feet
Hybrid Teas (Joanna Hill)	1½-3 feet
Climbers (Paul's Scarlet) on bank	3-4 feet
Climbers on fence or trellis	10-15 feet

FRUITS

Apples	30-40 feet each way
Plums and Sour Cherries	15-25 feet each way
Currants and Gooseberries	4x6 feet
Raspberries	3x6 feet
Strawberries	1½x3 feet
Gladioli (3-4 in. deep)	4-6 inches
Peonies	2-3 feet
Perennials	1-2 feet

ANNUALS

Large (Asters and Calendula)	1-1½ feet
Small (Alyssum and Dwf. Marigold)	6-12 inches

Rhubarb	3-5 feet
Asparagus, single row	1 foot
Asparagus, in a bed	2x3 feet
Tomatoes	3x3 feet
Peppers and Egg Plant	1½-2 feet
Cabbage and Cauliflower	2x3 feet

TOMATO PLANTS

All tomato plants are transplanted in specially prepared hot beds and handled to secure the greatest possible root growth and hardiness.

Set plants very deep, four inches of top is generally all that is desirable to leave above ground. The very long plants that you get later in the season should be laid lengthwise with the furrow.

VICTOR—Small vine or determinate variety, developed for Northern States and Mountain areas. Very early, fair sized scarlet fruit. Can be planted closer than older varieties.

EARLEANA — 90 days -- The best variety where earliness and hardiness are of first importance. We use a very select strain of seed insuring a smoother fruit than is general with this variety.

JOHN BAER—95 days—Early, smooth, solid, red tomato. A few days later than Earleana. One of the best.

35 cents per dozen; \$1.25 for 50; \$2.40 per 100.

PEPPERS

Plant peppers in rich well drained soil for best results. There are no better varieties grown than the ones we offer here.

WINDSOR "A"—Good size with thick walls. Very early. The best where the season is short.

CALIFORNIA WONDER—Low Bush—This is the most beautiful pepper that we have ever seen. Great big square thick walled fruit of the best quality. It is early.

HUNGARIAN HOT — Large early hot pepper. Yellow turning to red.

35 cents per dozen, \$1.25 for 50, \$2.40 per 100.

NOTE—Mailing charge on all vegetable plants is just 25 cents if all can be mailed at one time. This gives very cheap mailing on larger orders.

CAULIFLOWER

EARLY SNOWBALL — Large solid white heads. The plant has sufficient leaves to cover head when tied up.

Well hardened plants, 20c dozen; 35c for 25; \$1.25 per 100.

BROCCOLI—Sometimes called green cauliflower. Grow same as cauliflower except that heads need not be covered. Rich in vitamins. Price same as cauliflower.

CABBAGE

Our cabbage plants are grown in cold frames and are as near frost proof as we can make them. Plants from May 1st until July.

GOLDEN ACRE—70 days—Very early round heads weighing from four to six pounds. Quality the very best. Plant is dwarf and can be planted close.

GLORY OF ENKHUIZEN—90 days—Second early heads of unusual size and quality. The variety is a favorite whenever tried. It is used in the high country for winter storage. The best for kraut.

PENN STATE BALLHEAD — 110 days — An improved strain of Short-Stem Ballhead. The hardest and surest-heading cabbage we have ever grown.

Cabbage for winter use should not be planted too early. In the lower altitudes June 1 to 15 will be found about right. In the mountains plant early and second early varieties about the same time.

All cabbage plants, 25 for 30 cents; 50 or more, \$1.00 per 100.

We suggest for a longer season of use that you do not plant all cabbage and cauliflower at one time. Put out some plants early in May and again about June first.

Everything in this catalog is subject to sales tax

EGG PLANT

NEW HAMPSHIRE HYBRID—A very hardy early variety of fair size and quality. Transplanted plants 50 cents per dozen.

ASPARAGUS

Martha Washington—The best variety for all purposes. Good 2 year roots 50 cents per dozen; 50 or more at \$3.50 per 100. The average family should have not less than 50 plants for a worthwhile bed.

RHUBARB

Large red heavy yielding variety. Rhubarb needs very rich soil and plenty of water all season. Good divisions 2 for 35 cents, 6 for \$1.00.

ONION PLANTS

Grown in Texas for northern planters. For best results should be planted early. 50 to 100 in a bunch. **Crystal Wax, Yellow Bermuda, Sweet Spanish.** 20c per bunch; 6 bunches for \$1.00. Add 25 cents for postage any number.

ONION SETS

White or yellow, 30 cents per pound. Add postage 25c for any amount.

HOT KAPS

Hot Kaps have come into general use for protection of tender crops. Especially valuable to protect tomato and pepper plants until danger of frost is over. Seed of cucumber and other vine crops can be hastened and protected by placing at time of planting. Twenty-five **Germanco Hot Kaps** with card board setter and instructions, 95 cents; 100 for \$3.00. Add 20c postage for 25 and 25 cents for 100.

HOW TO BUILD A LAWN

Very early spring or early fall are the best times to start a lawn.

Considerable fills or ditches should be settled thoroughly and the necessary grading done. Then all the soil should be stirred to a uniform depth of ten or more inches. Wherever possible the natural top soil should be used. The next step is to incorporate a good layer of well rotted manure with the top five inches of the soil. This top layer is the seed bed and should be pulverized carefully and the finishing touches put on the grading. Thorough preparation will pay off in a better stand of grass and in a lawn that is both beautiful and easy to care for.

Seed should be distributed evenly. One pound of good seed will sow 400 or more square feet. Mulch with one half inch of straw or better a light covering of fine manure free from weed seed. If manure is not used the seed should be raked in lightly.

After watering is started the ground should never be allowed to dry until grass is well started. A good sprayer that will cover evenly without washing is necessary to do a good job. Mowing should start when grass is two inches high.

Of course good seed will be necessary for success.

LAWN GRASS SEED

Our own mixture of high grade seed best adapted to this climate. No cheap coarse grasses. The right amount of White Clover. One pound \$1.10, 5 pounds or more at \$1.05. Add postage at parcel post rates. One pound of seed will plant 400 to 500 square feet. White Clover, $\frac{1}{2}$ pound 80 cents; 1 pound \$1.50.

Everything in this catalog is subject to sales tax

SWEET PEAS

For best results with sweet peas, plant in good garden soil well and deeply prepared. A slight trench is desirable so that soil can be worked toward the plants as they grow. Frequent hoeing and a regular supply of water is necessary. Plant as early as possible. Pick blooms often. Four packages or one ounce of seed is sufficient to plant 25 feet of row.

We have selected the best varieties of Giant Spencers to give you a nice range of colors.

GIGANTIC—White—Many large flowers at one time.

FLUFFY RUFFLES—Cream pink—Giant flowers.

PINKIE—The best clear pink.

RUFFLED CRIMSON—Rich crimson.

WARRIOR—Chocolate maroon.

AMBITION—Lavender—long stems.

FLAGSHIP—Navy blue.

TANGERINE—Glowing orange.

MIXED—Some of all of the above and other varieties.

All of the above Best Spencers. 10 cents per package, 30 cents per ounce.

SWEET PEAS IN POTS—For early bloom, try some of these. Two or three plants to the pot. Plant out about May 1st. \$1.00 per dozen pots. One dozen pots will plant a ten foot row. NOT MAILABLE.

VIGORO

A complete fertilizer for general garden and lawn use. Also good for house plants. Apply at the rate of 4 lbs. per 100 sq. ft. broadcast or 1 lb. per 50 ft. of row side dressing. A one lb. package will last the average house plant gardener over a year. 1 lb. package 15c; 5 lbs. 50c; 10 lbs. 90c; 25 lbs. \$1.90; 100 lbs. \$5.50.

GARDEN SEED

We have planted a home garden here in Meeker every year for thirty-five years. In that time we have tried many varieties of the most promising vegetables. The list on the opposite page is made up of dependable sorts that are early and at the same time of the best quality.

Stringless Green Pod and Pencil Pod Wax Beans are both early, entirely stringless, and can and freeze good.

Spancross Hybrid Corn is ten days earlier than Golden Bantam and good for any purpose. **Mar-cross** is another hybrid variety ripening just a few days later and of the highest quality. Both freeze good.

Laxton Progress Peas cannot be excelled for earliness, quality and yield. Large wrinkled variety. Freeze good.

Early Wonder Beet cans with good color and flavor.

For description of cabbage varieties, see plant list.

Cauliflower—Snowball—We use only the best strains of seed, insuring a maximum of good solid white heads.

Black Diamond Cucumber—A very early white spine variety.

Pumpkin—Cheyenne Bush—A pumpkin that takes up very little space in the home garden and produces small fruits of good quality.

Kohl Rabi—A vegetable that should be better known. Can be cooked or used raw in salads. Grow same as turnip and thin to six or eight inches.

Ruta Baga—They grow to perfection in mountain gardens.

Chinese Cabbage—Should not be planted until July. Best used like celery.

Squash—Zucchini—Very early bush variety. Can be used when only a few inches long and when mature. **Acorn** is the earliest winter squash.

Buttercup—Yellow meated small squash. Very early and as good quality as Hubbard.

INSECTICIDES

We are glad at any time to help with your garden pest problems. Poisons are not mailable. Locally they can generally be sent by stage.

KNOX OUT GARDEN DUST—Contains 5% DDT. This will control most garden pests including Thrips and Leaf Hoppers. 1 lb can 40c.

CHLORDANE DUST—An Insecticide for garden, household and animal use. Recommended for almost any kind of insect pest. 10 ounce package with dust gun 75c.

DUSTING SULPHUR—For control of red spider and some fungus diseases. 2 lbs 60c.

BLACK-LEAF 40 — Sure death to aphids and chicken lice. Use for house plants. 1 oz. bottle 35c.

CYANOGAS—4 oz. can for control of ants at hill 50c. 1 lb can for control of dogs and gophers \$1.25.

SEMESAN—For treatment of garden seed. 1/3 oz. 20c.

SEMESAN BEL—Best treatment for seed potatoes and other bulbs and tubers. Enough for 6 bushels of potatoes 50c; 1 lb can \$2.00.

WEED KILLER

NEW IMPROVED WEEDONE—A 2,4D and 2,4-5-T herbicide which kills most broadleaved plants without injuring grass or cereals. An 8 oz. can makes 6 gallons of spray or enough for about 1200 sq. ft. 8 oz. can \$1.00; 1 qt. can \$2.75.

Everything in this catalog is subject to sales tax.

SPRAYERS AND DUSTERS

FOG SPRAYER—Pint size for house hold use. 75c.

HUDSON CADET DUSTER—Necessary for proper distribution of all garden dusts. Large enough for most gardens. 75 cents each.

HUDSON ADMIRAL DUSTER—Best heavy duty hand duster, with extension rod for reaching under plants. \$2.00.

READ BEFORE ORDERING

Where possible we like to have our customers call for their purchases. We have been mailing perishable plants for many years with success, but often we are able to offer suggestions for planting and care that are worth your time.

Everything in this catalog is mailable with the exception of shade trees, potted roses and shrubs, and poisons. Trees, with the exception of fruits, and poisons will be shipped at your direction and expense.

For your convenience we have indicated a uniform packing and mailing charge for parcel post shipments.

All trees and shrubs to be mailed at one time can be included in one package for 30 cents.

All perennials and pansies can be packed together for 30 cents.

Annual flowering plants and vegetable plants can be packed together for 25 cents.

Seeds, bulbs, and onion sets will be mailed for 25 cents on orders under \$2. Seed and bulb orders amounting to \$2 or more will be postpaid.

We do not ship C. O. D.

Give us complete information on your mail service.

Checks, money orders, or stamps are acceptable. Make checks and money orders payable to Hardy Plant Nursery.

SAFE ARRIVAL of all parcel post shipments is guaranteed if claim is made immediately. Perishable plants will be replaced if not in good condition on arrival.
